

OPEN DOORS GUIDED MEDITATION

Opportunities abound with this meditation!

Create the energy you desire to help you succeed faster and move to a new place. Open Doors can be used to sell your house, find a new place and open doors to a new you. If you feel the need to replace the old and make way for the new, this is the Meditation CD for you.

The decision to shift to another place of belonging is really a spiritual one. We open ourselves to universal planning at this point, allowing the process of movement into one's life, creating an opening for an optimal place for our lives to thrive. It puts us in a vulnerable position of transition for a time, which is usually a bit fearful to most. We are creatures of habit and like things to stay the same, making the "vulnerable" part of this change significant.

This meditation can be used with **Open Doors Spray** by **Earth Wind & Flowers** and is a support with all the aspects of this change. It helps to bring forth the movement that we have already put into motion with the decision of a move to another home. It can actually help us to feel more in control of the situation because of our awareness that we can consciously call in a better place and situation for our lives. It is quite empowering to feel vulnerable for a time during transition when we have faith in the process.
